Simplified Chinese edition of Sometimes When I'm Sad

What does it look like spending a year with Jesus, writing what He teaches you daily? In 2015, He led me on an amazing journey through the New Testament. Each morning, I would read a chapter of Scripture and write down what the Lord taught me. The pages in this book are the result of an incredible adventure at the feet of Jesus.

I thank God for the Spirit of Grace and supplication. I rejoice in His glory and grace. I have a little strength but the grace of God strengthens me. Tried to stop writing but grace and mercy said no. In spite of many obstacles, grace started this book and grace completed it. Jesus is all we need. He is coming soon. Do not delay. Receive His grace today. I am nothing without Him. The grace of our Lord Jesus Christ, the indescribable love of God and the unending, powerful, comforting fellowship of the Holy Spirit be with us all. Amen. I thank God for a song in the night Is 30:29

Wait a minute, gentlemen; I have always been the first to hate this pawnbroking business, but in reality, though it is absurd to talk about oneself in such mysterious phrases, yet, you know, I was "revenging myself on... The Bible tells us that our mouths are to be fountains of life, but our day-to-day interactions prove otherwise. So how do we address our hearts as well as our words? This book explores the impact our words can have and helps us develop a filter to hold back things we shouldn't say.

What makes a man masculine? A woman feminine? Did God design the two genders so differently? If so, why? The answers to these questions will free women and men to gladly embrace all that it means to be fully alive as gendered bearers of God's image who can profoundly impact others for good by the way they relate. Author and psychologist Dr. Larry Crabb presents a biblically grounded understanding of gender uniqueness. His illustration of a bridge of connection shows how the two genders can relationally come together in God-revealing harmony as they celebrate their God-designed uniqueness. Readers will discover that God created male and female to relate in gender-specific ways to make a difference in others by displaying God's relational character. Crabb clearly shows men and women what it means to live fully alive as feminine women and masculine men.

Originally published in 1910, this book contains an exhaustive study of the use of the phrase 'Son of Man' in the Old and New Testaments. Abbott illustrates how Christian writers used the mystical trope present in many books of Jewish prophecy to convey their belief in Christ as an eschatological figure foretold by Scripture. This book will be of value to anyone with an interest in Christology and the use of this enigmatic title in Jewish and Christian theology.

In the half century that has passed since George Kelly put forward his psychology of personal constructs, there have been major advances in the form of psychotherapy derived from his theory. This book presents developments in the personal construct theory perspective on psychological disorders and their treatment in the context of contemporary issues in psychotherapy; illustrates the diverse range of personal construct psychotherapy approaches that have been devised for a wide range of clinical problems; and indicates the growing evidence base for these approaches. It contains contributions from most of the leading international practitioners in the field. It will not only be of interest to psychotherapists, other clinicians, academics, and students who are already familiar with personal construct theory or constructivism, but also to those who are seeking a therapeutic approach which is integrative but has a clear theoretical rationale, and which is able to combine humanism with rigour. Elizabeth George takes readers through a thought-provoking study of Peter's teachings on handling trials and persecutions, including: suffering for doing good; understanding the mysteries of God; and fanning the flame of faith. The special "heart response" sections offer readers suggestions to help them apply biblical truths to their lives and focus on the amazing glory God promises.

Joseph A. Sittler (1904-1987) was one of the most influential theologians of the twentieth century, distinguished for his pioneering work in ecology and for his preeminence as a preacher. He gave both the Beecher Lectures at Yale and the Noble Lectures at Harvard. As the "preacher's theologian," Sittler approached the interpretation of Scripture with a clear understanding of current critical scholarship, but also in the freedom of the gospel at the center

of Scripture and with the humility of a theologian of the cross. In following the trajectory of the text into the preaching situation he gave a lively, timeless, and eloquent expression to the fact that the interpretation of texts is in the service of proclamation. This collection of readings from Sittler's rich legacy contains a great many presentations and sermons that have never before appeared in print. Theologically serious preaching, close attention to language, engagement with the best of sacred and secular culture, and a deep respect for the text, all characteristics of Sittler's work, are the sort of features that continue to edify. They remain as benchmarks for good preaching even as styles and contexts evolve.

In the early 1900s, S.D. Gordon was a widely travelled speaker in high demand. A prolific author, he wrote more than 25 highly popular devotional books. Gordon ministered the deep things of God, although he was not an ordained minister. A plain man, controlled by a deep desire to edify God's people, he won the respect of the learned and at the same time the affection of the simple. He developed a quiet style of devotional speaking which was quite the opposite of the powerful oratory which dominated the pulpit style of that period. His quiet manner, simplicity, and gentle spirit won for him a great following wherever he went. In this book, Gordon shares profound insights on Christ as he is depicted in the apocalyptic imagery of the book of Revelation.

The field of consciousness is a difficult one to explore. It is also difficult to go outside one's own consciousness in the discussion of those inner states of subjective religion. Consciousness differs in individuals. Therefore there is much confusion among the people concerning the witness of the Spirit to salvation. Some speak of it as an outward voice speaking to the soul, or as an inward voice. Some Christians seem to get a much clearer witness than others, and that leads earnest souls to doubt their acceptance with God, because they have not had that vision at conversion that some Christians claim to have had. -from "The Witness of the Spirit" More devotional than academic, this collection of ponderings on the Gospel endeavor to give the Holy Spirit his rightful place in Christian theology. "The Spirit has not been honored as He should have been," Shaw writes in his Preface, and dedicates his thoughtful essays to examining the Holy Spirit's role in an individual's faith, from the Spirit's role in offering repentance and extending temptation to how a believer can better pray to the Spirit and how one can be led by the Spirit to a place of greater holiness. First published in 1910, this is a beautiful work of piety that will inspire Christians to renew their relationship with an important figure of the faith. OF INTEREST TO: Christian scholars, readers of religious philosophy, seekers after wisdom GEORGE SHAW (b. 1870) was dean of the School of Theology at Central Holiness University. He is also the author of *Acquainted with Grief* (1906) and *The Conflict of Jesus* (1916).

"A Gentle Spirit" (Russian: ????????, translit. Krotkaya), sometimes also translated as "The Meek One", is a short story by Fyodor Dostoyevsky in 1876. The piece comes with the subtitle of "A Fantastic Story", and it chronicles the relationship between a pawnbroker and a girl that frequents his shop.[1] The story was inspired by a news report that Dostoyevsky read in April 1876 about the suicide of a seamstress. Dostoyevsky referred to it as a "meek suicide" that "keeps haunting you for a long time."

Get Over It! is a tool and a process that offers readers a path to dominion over their most powerful asset: their mind. In today's turbulent climate, it can be challenging to stay on top of what is going on around us day-to-day, such as economic shifts, societal breakdowns, and lifestyle changes. We have become disconnected from our personal power, the intuitive light

created by our autonomous thoughts. Through *Get Over It!*, a prayer book with a therapeutic underpinning, Iyanla offers practical tools based on the scientific theory of neuroplasticity, so we can transmute the dominant negative thought patterns (DNTPs) that threaten our sanity and spirituality on a daily basis. In *Get Over It!*, Iyanla identifies 42 common DNTPs and breaks them down into three key elements: 1. The train of thought that produces the pattern 2. A prayer and affirmation to neutralize the pattern 3. Self-directed spiritual practices (including meditations) that support the neutralization of the pattern in the mind and body. Through becoming aware of and neutralizing our DNTPs, we will up our "wattage": our ability to see and live beyond the influences and turbulence of our external environment.

In this study, Teresa Morgan offers a radically new interpretation of 'in Christ' and related expressions in the undisputed letters of Paul. Starting from a reassessment of Deissmann's *Die neutestamentliche Formel "in Christo Jesu"*, she argues that Deissmann's philology is flawed, the Schweitzerian concept of 'participation in Christ' which is indebted to it is problematic, and many contemporary accounts of participation are better understood in other terms. Through close readings of each letter, Teresa Morgan shows how Paul uses *en Christo* language instrumentally, to speak of what God has done 'through' Christ, by Christ's death, and 'encheiristically', to speak of the life the faithful now live 'in Christ's hands': in Christ's power, under his authority, under his protection, and in his care. This creative use of *en Christo* language forms part of and connects Paul's soteriology, eschatology, and Christology, shaping his narrative of God's intervention in the world, the relationship between God, Christ, and the faithful, the lordship and work of Christ between the resurrection and the parousia, and God's ultimate triumph. This narrative is closely connected with Paul's ecclesiology and ethics, where life 'in Christ's hands' is envisaged as the this-worldly dimension of the new creation: an aspect of eternal life already active in the present time. In Christ's hands the faithful, not least Paul himself, live a new life in communities with a distinctive structure and dynamic. In Christ's hands, they hope to remain in right-standing with God and serve God until Christ's return. Louis believes that "every child is a God-Idea" and his book helps to release the seeds of greatness that is inherent in every child. While the world knows Matthew Henry best for his time-enduring Exposition of the Old and New Testaments, the cultivation of personal piety in himself and others was the great business of his practical life; and his treatises on the godly life, while little known today, are among the finest ever written. Rich in and alert to the things of the spirit, they reveal, as so impressively shown in this volume, a spiritual mind of preeminent degree in the full and deliberate worship of God. The author here pleads with us to avail ourselves of the ornament of a meek and quiet spirit, and to apply this precious and comely grace in all our contacts in everyday living. No message could be more practical or fitting for this age, when the world, more than ever, is too much with us. This is a deep and tender, altogether winsome plea. Would you know the nature, excellence, and application of this meekness and quietness? Come then with the author to Him who said, . . . learn of me, for I am meek and lowly. And all the world will see and know that we have been with Jesus. Living and dying, let us be found among the quiet in the land. We all wish to see quiet families, and quiet churches, and quiet neighborhoods, and quiet nations; and it will be so if there be quiet hearts; and not otherwise.

Presenting striking new evidence, this book shows that “William Shakespeare” was the pen name of William Stanley, son of the Earl of Derby. Born in 1561, he was educated at Oxford, travelled for three years abroad, and studied law in London, mixing with poets and playwrights. In 1592 Spenser recorded that Stanley had written several plays. In 1594 he unexpectedly inherited the earldom—hence the pen name. He became a Knight of the Garter in 1601, eligible to help bear the canopy over King James at his coronation, likely prompting Sonnet 125’s “Wer’t ought to me I bore the canopy?”—he is the only authorship candidate ever in a position to “bear the canopy” (which was only ever borne over royalty). Love’s Labour’s Lost parodies an obscure poem by Stanley’s tutor, which few others would have read. Hamlet’s situation closely mirrors Stanley’s in 1602. His name is concealed in the list of actors’ names in the First Folio. His writing habits match Shakespeare’s as deduced from the early printed plays. He was a patron of players who performed several times at court, and financed the troupe known as Paul’s Boys. No other member of the upper class was so thoroughly immersed in the theatrical world.
