This book presents a comprehensive, systematic approach to the development of learning strategies.

An investigative approach to Cambridge IGCSE Geography, written in partnership with the Geographical Association. Encourage students to make links between case studies and their own local contexts as well as exploring the core themes and skills of the 0460 syllabus in the context of global case studies and processes. Prepare for exam success with full coverage of the core themes of Paper 1 (Population and Settlement, The Natural Environment, Economic Development and the Use of Resources) as well as the geographical and fieldwork skills elements of Papers 2, 3 and 4. Help students focus on achieving the best grades with excellent exam support for each Paper, with exam-style questions, answers at different levels and accompanying comments. Be confident in the content and approach - this resource is written by highly experienced Geography teachers, consulted edited by a CIE Principal Examiner, and produced in partnership with the UK Geographical Association - the home of best practice in Geography teaching.

Motivation makes all the difference. And what's more motivating than the expectation of success? The instructions are clear and to the point, so students can quickly get down to writing practice in these 64-page worktexts. Helpful prompts pack the worktext lesson pages including illustrations, examples, and sample responses. Sample Content: book and movie reviews, travelogue, a character sketch, fashions.

'It's a really great book: friendly, comprehensive, complete and up-to-date. It is an explanatory guide to help you judge and choose the contraception to use. I recommend the book highly.' Dr Cindy Pan, general practitioner, media broadcaster and author of Pandora's Box. Choosing a method of contraception isn't simply about preventing pregnancy. It's also about making the best choice for your future, your lifestyle, your health and your peace of mind. This updated edition of Contraception-Healthy Choices provides both women and men with information to help make that choice. Forms of contraception covered include condoms (male and female), progesterone-only injections, implants, diaphragms, cervical caps, intrauterine devices (IUDs), natural family planning, traditional methods and sterilisation. The book also includes an update on the contraceptive pill, a new chapter on the increasingly popular vaginal ring, and new

information on emergency contraception. There is information on how pregnancy happens, reducing the incidence of sexually transmissible infections and abortion. Written in an easy-to-read Q&A format and illustrated throughout, Contraception-Healthy Choices is a practical and contemporary guide for people who want to make an contraception they use.
