

Buy Buttons The Fast Track Strategy To Make Extra Money And Start A Business In Your Spare Time Featuring 300 Apps And Peer To Peer Marketplaces

Whether you want to make an extra \$100 a month or an extra \$10,000, the high-level process is the same: Someone has to buy what you're selling. The money has to come from somewhere, right? (Hint: it comes from customers.) Sadly, there's an epidemic going around. The reason most entrepreneurs, wantpreneurs, and side hustlers fail is a lack of customers. If you've ever failed in your own efforts to start a business or earn money on the side, I'm guessing that was the root cause. On top of that, you're in a constant battle of not having enough hours in the day and you don't know where to focus your limited time, energy, and money. That's the bad news. The Answer The good news is you have more opportunity today to earn income in your spare time than ever before. And you don't need a killer new business idea or millions of dollars in startup capital to do it. The good news is there isn't a shortage of customers. They're out there! This book will share specifics on how to increase your earning power-on your own time, on your own terms, and without getting another job. We'll look at real-life examples of people just like you making it happen. I'm going to arm you with dozens of income-generating ideas that don't require a ton of time or money to get started. And spoiler alert: there are no get-rich-quick schemes inside. Instead, you'll learn proven strategies for tapping into the growing peer-to-peer economy to supplement your income, diversify your revenue sources, and reduce your reliance on your day job for your livelihood. Go Where the Cash Is Already Flowing Buy Buttons focuses on marketplaces that already exist, where you can put your expertise, time, and assets up for sale or rent. There are hundreds of platforms that you can add your "buy buttons" to. You don't have to build a customer base from scratch, design a website, or even worry about payment processing. Each platform already has an eager audience of buyers looking for what you have to sell. Not sure what to sell? In the 300+ platforms featured inside, you're bound to find an idea or two that's a fit. These platforms are the "gateway drugs" of entrepreneurship. They're easy to get started on, to get the high from your first sale, and to keep coming back for more. Does It Really Work? I've used the same "buy buttons" marketplace strategy over and over again for the last 15 years as an entrepreneur. Even more exciting, thousands of SideHustleNation.com readers and Side Hustle Show listeners just like you are already seeing results by implementing the strategies in this book. The common thread is they set up their businesses on pre-existing platforms that made it easy for buyers to find them and spend money with them. This book will show you exactly where and how to set up your "buy buttons" to generate hundreds or thousands of dollars a month in side income. My Guarantee I guarantee you'll find at least one "buy button" platform that you can use to generate your own job-free income stream. If you don't, just send me a note (my contact info is at the end of the book), and I'll buy the book back from you, no questions asked. Now, where else are you going to find a deal like that? Ready? Hit the Buy Now button and let's get started!

Castles & Buttons (Book Three) Susan James How to Have Everything by Doing Nothing Advanced Higher Mechanics Castles & Buttons- Book Three How to Have Everything by Doing Nothing Advanced Higher Mechanics Anyone reading any of the greats from Emerson, Cady to Neville to Abraham-Hicks and so many, many more, from Metaphysics to Theosophy, the Esoteric and beyond, we are told that everything is possible, there are no limits and we can have anything we desire to have. It is that promise which keeps many of us on the steady higher path. The Higher Law operates with simple guidelines: • Have the Idea (which is 'thought') • Add The Affirmation (which is also 'thought') All else is taken care of by the Law. For some of us, including me, there have been some in-between stages to the above 2 steps. (As in Don't keep changing our mind by adding doubt, fear, lack of confidence, etc.) We have to expand our understanding of a Source outside of our humanity. At one time, I was so off the path of higher anything, but I didn't know any different. My life reflected my lack of knowledge and understanding. But 'something' kept me moving higher, bit by bit. 'Something' kept me safe. And bit by bit, the things that did not feel nor look good in my life, began to drop away. It was my willingness to be open to things I did not yet understand, but wanted to 'believe' in, such as, the promise of better, of good, of wonder. The Fairy Tale. 'Something' kept moving me forward into believing in the fairy tale. For me The Fairy Tale was about happy endings, happy in between, happy everything. All of which our culture does not necessary have credence for. This 4th Installment in the Castles Series, this being Castle's Book 3 continues in the experience of The Promise The Bounty. It's what has kept me 'after it'; to understand it and apply it. Some of the themes covered in this Book 3 of the Series: • The Promise of The Bounty • How to Believe in The Fairy Tale, When We Don't Yet • Electrons and Puppies for Manifestation • How To Convince Yourself It's Yours • When It Feels More Like a Castle Than A Button • When You Just Can't Get Over 'Not Liking It'. • Being Thankful When You Can't Find a Way to Feel It • Susan's Example From Her Livelihood • The I AM and Financial Independence • Tomatoes and The Three Billionaires • The I AM and Financial Independence • The Correct Use of Spiritual Technology • Opening The Floodgates On Supply • Excitement Plus Anticipation Equals Expectation • Effortless Fun • Is It Time to Re-Invent Yourself? • Why We MUST Choose The Castles of Our Lives • Great Abundance NEEDS Our Castles • How I've Used This Information • The Ambition of Achieving One Thought Creation • Benefits of Thought Games • The Fire Letters and Manifestation • Asking and Other Higher Tools of Action • The Importance of Having More Light • The Difference Between Prayer and Decrees • What Releases The Power of Higher Light? • The Overall Higher Intention • Largesse Abundance (What it Is and How to Have It) • From Out of Bounds to Boundaries Have Been Moved • The Higher We Go (In Light Energy) The Easier It • The Overall Goal of Creation (Delight) • A Strategy for Believing You Have It • How to Allow (What is Vibrational Acceptance?) • How Possibilities Move Into Probabilities • The Last Piece of Our Desire Fulfilment Puzzle Enjoy the entire Castle's and Buttons Series and you too may then understand how creating Castles or Buttons is the same and everything you want is already there for you!

By eliminating the adoption agency, couples can customize and control their own adoption plan. Inside this book, couples will learn how becoming proactive in the adoption process may significantly speed up the adoption. Following the Fast Track method, readers will learn how to: - Establish a budget - Assemble a professional team - Obtain an approved home study - Prepare an effective family profile - Advertise for and talk to potential birth mothers - Detect warning signs for frauds and scams - Be prepared at the hospital With this book as their guide, potential parents can actively pick their own birth mother. By doing so, couples will save time and money, reduce stress, and, most importantly, find a baby to adopt.

Button-pushers come in all shapes and sizes, but they have one thing in common: Their behavior drives us crazy and makes us dream of ways to escape the mess we're in. The person who pushes your buttons is likely someone who matters to you – a spouse, a parent, a boss, a fellow church member. Almost always this difficult person is connected to you by blood, love, faith, or money, so you can't just end the relationship without causing pain and upheaval in your life. Our friends and today's culture will often advise us to abandon such relationships quickly – to end this unpleasant chapter and get on with our lives. Psychologist and author Dr. John Townsend disagrees, "Your button-pusher is not someone you would easily and casually leave. You are intertwined at many levels. It is worth the trouble to take a look at the ways the relationship you had, and want, can be revived and reborn." In this easy-to-read book he offers Expert insights to help you understand your own button-pusher Wise assistance in determining the nature of the problem Compassionate help in identifying your failed attempts to fix things A hope-filled vision for what can be and how to make it come true Rich resources to help you navigate the necessary changes

When I saw my escape, I took it. Now I'm in New York City and trying to get my life back on track. Despite the tracker in my ankle, Crow hasn't come for me. He hasn't even called me. I told him the depth of my feelings but he cruelly rejected them. Maybe he's forgotten about me. One day, I walk into my apartment and spot the pile of buttons on the counter. I never left them there, and there's only one explanation for their presence. Maybe Crow hasn't forgotten me after all.

Castles & Buttons (Book Two) How to Have Everything by Doing Nothing (Susan James) Advanced Higher Mechanics Castles & Buttons- Book Two How to Have Everything by Doing Nothing Advanced Higher Mechanics This is the 3rd of the Castle's and Buttons Series . If you've read the ones that came before; The Introduction to Castles and Castles Book One, this third book, Castles and Buttons, Book Two, goes a bit deeper into the higher study and its implications. Implications include money flow and financial events. The key understanding to get to, is everything is simply given. Those of us who are committed to understanding higher things at some point are ready to entertain this notion of everything is just given to us. When I reached that place of understanding that this could be true, the effort then came in unraveling any underlying themes or beliefs that kept me from the experience of it. The unraveling came in both the knowledge and the experience of the fact, that I did not have to do this and that, so that I could have or get this or that. I have translated it over into every part of my life. I know it's about how we use energy. I've had to develop my own way, my own games. I've had to not listen to all the hype, while still enjoying parts of it. I have fully convinced myself that circumstances and conditions do not matter. When we are purely aligned with Source Energy, our thoughts, ideas and timing all meet for a wonderful event or experience. It becomes the way we live, instead of the occasional miracle. The Mechanism of Financial Abundance is attached to two things: • 1. Understanding Higher Law and It's Benefit as We use this understanding. • 2. Feeling Good IS The Mechanism of Financial Abundance. It brings More Money and Money that Sticks to Us. I can relate to this big time, because before I smartened up, I would get big money and then something would happen to it, or something would need fixed which took the money away as fast as it showed up. It's very nice these days, to have the money flow and not go! It's very nice to not have to fix things, or backup and re-start and re-do. Altho, at those times, that's exactly what I did. I'd re-start with the mental ease, and I'd re- do, with the mental ease, and up and out I went! Done Deal Baby! Some of the themes covered in this Book 2 of the Series: • How To Make It Easy • Dissecting The Fast Track To Desire Fulfillment •

From the award-winning author of the Fast Track ham license series. Don't let a few math problems stop you from enjoying the great hobby of ham radio! The questions in the question pool for the FCC General Class Amateur Radio License include questions about conversions of electronic units in the metric system; Ohm's Law and Joule's Law problems; frequency to wavelength conversions; wavelength to frequency conversions; decibel/power calculations; series and parallel resistance, inductance and capacitance calculations; peak-to-peak and RMS voltage calculations; and impedance matching transformers. While the math is quite straightforward, if the language and concepts of electronics are new to you, it can all be a bit baffling. If that's you, this is the workbook for you. Each problem that can be on the exam is completely solved, with step-by-step instructions. We've color-coded every value to help you follow it through the solutions. We even tell you precisely which buttons to push on which calculator to make the answer appear. While all the math problems in the question pool are covered in the full license program, The Fast Track to Your General Class Ham Radio License, this workbook provides extra practice and explanation for those of us (like the author!) who needed a boost in our math skills to get our licenses. The program was co-designed by Michael Burnette, AF7KB, the author of the popular Fast Track ham radio license programs and his wife, Kerry, KC7YL. Kerry is a math and science teacher with a Masters degree in teaching and years of experience in making math come alive for students. Beyond learning how to "hammer the exam," you'll have a solid grounding in the fundamentals of math for electronics -- knowledge that will serve you well in the hobby and when you decide to take the step up to your Amateur Extra Class license. If you're a person who struggled with math in the past, if you suspect you "don't have the math gene," even if you don't remember a shred of your Technician level math, if you can push the buttons on a calculator, this course will have you confidently solving those equations like a pro in just a few hours. This course doesn't just teach you the math -- it teaches you how to learn the math. Note: This workbook is an adjunct to The Fast Track to Your General Class Ham Radio License book and audio; it provides additional training on the required math and does not cover the entire question bank of 400+ questions. While the exercises can be completed on any calculator, it provides specific key-by-key instructions for the affordable and widely available Texas Instruments TI-30XS calculator.

Castles & Buttons-(Book One) How to Have Everything by Doing Nothing (Susan James) Advanced Higher Mechanics Castles & Buttons (Book One) How to Have Everything by Doing Nothing Advanced Higher Mechanics Castles-Buttons The Same, But How? One of the first phrases I latched onto in my beginning study of higher things, was the phrase mentioned in Abraham-Hicks material, 'Castles and Buttons are the same.' My first thought was, 'how can that be?' And since I have an investigative nature, I set out to find out, just how, Castles and Buttons are the same. For those new to the study of metaphysics, and things of a higher nature, the phrase 'Castles and Buttons are the same', implies, that it is just as easy to create a Castle as it is a button. It's as

easy to create a wonderful expansive lifestyle, as it is to live in the ruins of one. Again, I asked.. ‘How in the world can that be? And if it is true, how can it be easy?’ The entire Castle’s series is about my belief in ‘the Promises’ and my getting there. I want you to know, I’ve been where you are, and I’ll give you examples of how I’ve expanded beyond it. I’ll give you things to try, which worked for me. Things which helped me find out for myself, that yes, indeed, Castles and Buttons are the same. And...We can have what we want without all of the doing, and without ‘goofin’ it up first, as was the sub-title of one of my first books, and Editors Choice winner, Manifesting 101 & Beyond. Castle’s is based on The Ideal. The Law. And this law says, that only the best of the best is the only thing that we should be choosing. The Best. The Best of The Best. Castle’s is about not settling for less than what we really want. And most importantly, forget about anything other than Plan A. There is no Plan B, once we understand what we have in our hands. We’ll use examples that are of your life. And I know they are of your life, as I’ve lived it. I’ve had the broken cars, broken finances, broken relationships, but my understanding of what I had hold of, as long as I would practice and apply it, would move all of my mountains and moved me smack dab in the middle of my castles. It brought new and better in everything. Things showed up without struggle and strife and concern. Then it became automatic. Automatic, as in when it turns dusk the lights on the light pole automatically come on. Automatic as in breathing and walking without having to think about it first. Automatic as coin in the drink machine, drink plops out. Automatic as when we play the card game ‘Free Cell’, we make one move and many others automatically are moved for us. Automatic is becoming The Genie. Some of the themes covered in Castles & Buttons-Book One: • Bricks Without Straw: Unlimitedness-Doing The Impossible, Easily • How Do We Begin Having Our Castles and Not Settling For The Buttons? • Profusion Abundance (The Opposite of The Other Shoe Dropping) • The Opposite of Limited is Not Un-Limited • When The Ton of Bricks Becomes An Avalanche (And What To Do About It) • A Done Deal Example From My Beginning Days of Understanding • How Long Do I Use The Swords, and How Long Before We See Results? • The Golden Parachute vs The Golden Wheelbarrow • Quantum Manifesting Accelerated: Sword Statements • The Learning Curve of Not Having To Do Anything Manifestation • A Shortcut to Easy and Automatic Enjoy the entire Castle’s and Buttons Series and you too may then understand how creating Castles or Buttons is the same and everything you want is already there for you!

In the past few decades the number of women entering graduate and professional schools has been going up and up, while the number of women reaching the top rung of the corporate and academic worlds has remained relatively stagnant. Why are so many women falling off the fast track? In this timely book, Mary Ann Mason traces the career paths of the first generation of ambitious women who started careers in academia, law, medicine, business, and the media in large numbers in the 1970s and '80s. Along with her daughter, Mason has written a guide for young women who are facing the tough decision of when--and if--to start a family. It is also a guide for older women seeking a second chance to break through to the next level, as Mason herself did in academia. The book features anecdotes and strategies from the dozens of women they interviewed. Advice ranges from the personal (know when to say "no," the importance of time management) to the institutional, with suggestions for how the workplace itself can be changed to make it easier for ambitious working mothers to reach the top levels. The result is a roadmap of new choices for women facing the sobering question of how to balance a successful career with family.

"Lots of excellent advice for women facing different career stages." -BusinessWeek "An interesting look at the real challenges that mothers face in balancing work and family in a variety of professions." --National Review "Must reading for professional women starting families, second chapters or simply trying to break through to the next level. An indispensable guide and realistic cost-benefit analysis of motherhood and women's careers." -- Lynn Povich, former Editor-in-Chief of Working Woman magazine
