CEREBRAL CIRCUS gives authentic insight into neurological training and research, told in the age-old scenario of the unpolished country boy versus the city slicker. The protagonist is Allen Flint Childress, a half-breed Cherokee lad raised in the infertile red clay hills of North Louisiana. He was drawn into medicine by his love and respect of Dr. Homer Baines Shirley, a tough old country doctor who pulled Allen into the world by a risky traumatic forceps delivery one cold December night in 1967. A straight-A scholarship student at L.S.U., Allen sailed through the premed curriculum by an indefinable instinct and ambition for neurology; attempting as a freshman to register early for senior neuroanatomy. He succeeded in this improbable drive through a risky affair with his faculty advisor, an attractive older woman.

Through hard work and scholarship aid, he graduated from Cornell University Medical College in 1991, then went on to internship at Bellevue Hospital in New York, a 3,500 teaching hospital with approximately 1000 trainees. When Allen became a resident physician in neurology, he became embroiled in a longstanding conflict with Dr. Bertrand O. Stanford, senior professor of neurology; who was performing unethical dangerous neurological research because of his ambition to be awarded the Nobel Prize in Medicine. But what could Allen, a mere neurology resident do against a senior professor?

Allen gained a modicum of courage when he asked himself, What would old Dr. Homer Shirley who delivered me, do if he were in my shoes?

Battle OCD With Insight and Inspiration Both a book and a heart-stopping memoir that provides anxiety relief and gives comfort to those struggling to better understand themselves and their mental health. The tapping and counting and cleaning and ordering brought her comfort and structure, two things lacking in Kirsten Pagacz's family life. But it never lasted. The loathsome self-talk only intensified, and the rituals she had to perform got more bizarre. By high school, she was anorexic and a substance abuser-common "shadow syndromes" of OCD. By adulthood, she could barely hide her problems and held onto jobs and friends through sheer grit. Help finally came in the form of a miraculously well-timed public service announcement on NPR about OCD—at last, her illness had an identity. "It's like the meanest, wildest monkey running around my head, constantly looking for ways to bite me." That was how Kirsten Pagacz described her OCD to her therapist on their first session when she was well into her 30s—she'd been following orders from this mean taskmaster for 20 years, without understanding why. After finally having the answer and learning how to conquer her OCD, Pagacz wants to share her knowledge and

insight with you in hopes that you join her in leaving the OCD circus and living a better life. Leaving the OCD Circus reveals the story of Pagacz's traumatic childhood and the escalation of her disorder. Are you interested in spending some time on your handwriting? Then French ruled paper, or Seyes ruled paper, could be something to help you out. French ruled or Sys paper is the standard lined paper used by students in France, as commonly used as college ruled paper in the USA. Not only useful for French cursive, it is an excellent tool for anyone to learn cursive writing, to improve their handwriting or practice calligraphy using the lines to help get a consistent size. It features an 8mm x 8mm grid, with lighter or thinner horizontal lines spaced 2mm apart inside the main grid. These thin lines help you keep the size and height of your letters consistent. There are also room at the top and bottom of the pages for notes or teacher's comments and a margin on the left marked with a vertical main line. It is a very interesting paper on its own but here are reasons why you should choose our French-ruled notebook: **VERSATILE USE** - Popular for regular writing and note taking, French-ruled has a lot more of uses. Some people use this paper to record lab results, do bookkeeping, create matrices, as well as creating grading rubrics. It can also be used for creating crossword or sudoku puzzles, or maybe even for practicing Chinese or Korean writing. Others use it simply because they love paper with narrow lines. **USEFUL & CONVENIENT** - You can't beat a book like this. It doesn't need batteries, doesn't take you time to log in and you can take it with you even when commuting. **A NOTEBOOK BUILT TO LAST**- The sturdy cover is made of tough paperback with strong, secure professional trade binding so the pages won't fall out after a few months of use. **WELL-CRAFTED INTERIOR**- A good writing paper does not bleed. We used only thick, white paper to avoid ink bleed-through. Each page is printed with black, thick lines and three thin lines in between each. **PERFECT SIZE**- With its 8.5" x 11" dimensions, almost the same width as A4 but shorter in height, you can squeeze it into a bag with ease. It's the perfect size- easy to carry! **COOL COVERS!**- To top it all, we have an array of cover designs for you to choose from. Get inspired by our collection of truly creative book covers. We stand for quality and aim to provide the best writing experience with our notebooks. Get this notebook, not only for practicing penmanship and writing in general but also for basic graphing, logging, data keeping and many more. Think outside the lines and give it a try to see why so many people love it!

One of the most colorful breed of men in 19th-century circusdom was the press agent, whose duty was to act as "an umpire between the show and the newspapers," and promote his company's greatness in order to generate public interest in advance of the performances. Charles H. Day, one of the leading "puffers" of his time, was particularly active between 1872-87, but unlike many of his colleagues, was also published widely in the entertainment newspapers and magazines. William L. Slout has collected together the best of Day's colorful and evocative essays of 19th-century circus life, and has also added a helpful Circus Personnel Reference Roster, notes, and detailed index.
