When Iggy Corso gets kicked out of high school, there's no one for him to tell. His mother has gone off, his father is stoned on the couch, and the phone's been disconnected, so even the social worker can't get through. Leaving his public housing behind, Iggy ventures into the world to make something of his life. It's not easy when you're sixteen, have no skills, and your only friend is mixed up with the dealer who got your mom hooked. But Iggy is . . . Iggy, and he has the kind of wisdom that lets him see what no one else can. Includes an author's note.

MOS Study Guide for Microsoft Office 365 Pearson Education

Marcus Porcius Cato (the Younger) is most famous for being Julius Caesar's nemesis. His sustained antagonism was in large part responsible for pushing the Romans towards civil war. Yet Cato never wanted war even though he used the threat of violence against Caesar. This strategic gamble misfired as Caesar, instead of yielding, marched on Rome, hurling the Republic into a bloody civil war. Refusing to inhabit a world ruled by Caesar, Cato took his own life. Although the Roman historian Sallust identified Cato and Caesar as the two most outstanding men of their age, modern scholars have tended to dismiss Cato as a cantankerous conservative who, while colorful, was not a critical player in the events that overtook the Republic. This book, in providing a much-needed reliable biography of Cato, contradicts that assessment. In addition to being

Caesar's adversary, Cato is an important and fascinating historical figure in his own right, and his career-in particular, his idiosyncrasies-shed light on the changing political culture of the late Republic. Cato famously reached into Rome's hallowed past and found mannerisms and habits to adopt that transformed him into the foremost champion of ancestral custom. Thus Cato did things that seemed strange and even bizarre such as wearing an old-fashioned tint of purple on his senatorial toga, refusing to ride a horse when on public business, and going about barefoot and without the usual tunic as an undergarment. His extreme conservatism-which became celebrated in later ages, especially in Enlightenment Europe and revolutionary America--was actually designed to give him a unique advantage in Roman politics. This is not to claim that he was insincere in his combative promotion of the *mos maiorum* (the way of the ancestors), but his political manipulation of the Romans' reverence for their traditions was masterful. By providing a new, detailed portrait of Cato, the book also presents a unique narrative of the age he helped shape and inadvertently destroy.

R. Andrew Chesnut offers a fascinating portrayal of Santa Muerte, a skeleton saint whose cult has attracted millions of devotees over the past decade. Although condemned by mainstream churches, this folk saint's supernatural powers appeal to millions of Latin Americans and immigrants in the U.S. Devotees believe the Bony Lady (as she is affectionately called) to be the fastest and most effective miracle worker, and as such,

her statuettes and paraphernalia now outsell those of the Virgin of Guadalupe and Saint Jude, two other giants of Mexican religiosity. In particular, Chesnut shows Santa Muerte has become the patron saint of drug traffickers, playing an important role as protector of peddlers of crystal meth and marijuana; DEA agents and Mexican police often find her altars in the safe houses of drug smugglers. Yet Saint Death plays other important roles: she is a supernatural healer, love doctor, money-maker, lawyer, and angel of death. She has become without doubt one of the most popular and powerful saints on both the Mexican and American religious landscapes.
