Written by two of the leading authorities in the field, FORENSIC PSYCHOLOGY, Third Edition introduces you to the practice of forensic psychology by showing how psychologists aid the legal system by serving as expert witnesses, criminal profilers, and trial consultants for jury selection and child custody hearings. Wrightsman and Fulero present the roles and responsibilities of forensic psychologists, and address both the opportunities and temptations inherent in those roles. Through this lens, the authors explore the ethical issues facing practicing forensic psychologists, such as promising clients too much, the possibility of becoming advocates rather than objective scientists, and the pitfalls associated with substituting one's values for data. The authors provide an accurate and candid picture of the field, and the range of careers in forensic psychology. Applies Foucault's ideas to a cultural studies framework. Offering new and unique approaches bridging the gap between cultural analysis and governmentality studies in the United States, this book opens up new lines of inquiry into cultural practices and offers fresh perspectives on Foucault's writings and their implications for cultural studies. It provides critical frameworks to analyze cultural practices and strategies of governing as ways of understanding the present. It also broadens the theater of intellectual debates over "culture and governing" studies from their current locales in Australia and Great Britain to the United States. "I see this as an important addition to the debates on how to read culture because it suggests lines of thinking that will be of interest to many scholars who, like myself, are approaching these questions from different angles." — Rosemary Hennessy, author of *Profit and Pleasure: Sexual Identities in Late Capitalism* "This book is intriguing in that it takes on varied issues of contemporary interest and importance. It will be useful to people doing work within and across several disciplines and in public policy making." — Erin Mitchell, State University of New York at Plattsburgh Contributors include Tony Bennett, Jack Z.
