It covers the substantive law of judicial review including grounds of review and remedies, and looks in detail at the practice and procedure specific to such claims. The largest part of the work is dedicated to individual areas of the law where judicial review is relevant, including planning and environment, community care, housing, mental health, criminal law, education, licensing, central/local government and immigration law. It provides a wide-ranging coverage of administrative law and its niche practice areas including essential procedural rules, forms and guidance issued by the Administrative Court. Whether you are a specialist public lawyer or whether you practice in areas of law where expertise in judicial review is required, *Judicial Review: Law and Practice* provides the guidance you need to take on and manage cases confidently.
