

Korean Paper Art

With a history of well over 1,500 years, Korean handmade paper, known as hanji, is familiar to Koreans but a mystery outside its home country. This lustrous paper that comes in a wide array of thickness, color, dimension, and translucency was once a coveted item inside and beyond Korean borders. Made by farmers and artisans during bitter cold winters, hanji was a noble marker of the literati who demanded high-quality paper for books, documents, calligraphy, and painting. Hanji also played a sacred role as the support for illuminated sutras, the body of temple decorations, and spirit of rituals where it was burned in hopes that its ashes would rise to the sky. Fashioned into objects that ranged from kites to armor to shrouds to chamber pots, there was seemingly no end to the possibilities of the combination of human ingenuity and paper through the transformation of natural fibers, until forces of history and industrialization collided and left this once-celebrated substrate and its related craft practices near extinction.

An exquisite paper art book featuring quilling techniques for cards and gifts. With a focus on simple, elegant projects, the *The Art of Paper Quilling* offers paper crafters a complete technique guide along with step-by-step project ideas for making beautiful framed pieces, cards, gifts, and more. The designs are all built upon simple rolled coils of paper that when grouped together, form intricate flowers, graceful butterflies, and delicate scrollwork. Quilled designs can be framed or used to embellish greeting cards, books and journals, and many types of simple paper structures. Claire Sun-ok Choi is an expert paper artist who has influenced the revival of this fanciful art form with her inspiring exhibits and internationally known books.

A brief introduction to all Korea has to offer.

One of the things that highlight the special character of Korean artistic culture and the aesthetic values of East Asia, setting them apart from the artistic culture of the West, is the aesthetic of yeobaek, the void. Yeobaek Chagyeong Meot Gyeopchim Haehak Yunghap Korea Contemporary

This book of landscape and genre paintings by the 19th-century Korean artist Gisan documents traditional daily life in Korea around 1900. Gisan worked in Korean port cities and as a result his work was disseminated and sold internationally. In fact, the number of his works in North American and European collections far surpasses that found in Korea. *Korea Around 1900* includes 27 poster-format paintings from the collections of the Royal Ontario Museum as well as 23 small-format paintings from the National Museum of Ethnology in Leiden, Netherlands. The ink-and-colour paintings depict a vanished Korea of pastoral landscapes, traditional customs and costume, and the rhythm of the seasons.

Park Seo-Bo is a trailblazer in contemporary Korean art, having helped introduce the West's concept of modern art to his fellow countrymen in the 1950s. The recipient of numerous awards throughout Asia and the subject of more than a dozen major exhibitions - including a major retrospective of his work at the Arario Gallery in New York - he has also taught two generations at Korea's prestigious Hong-Ik Arts University. Today, he is still experimenting, attempting to articulate his essence through his art. *Empty the Mind* is the first book on the legendary Korean artist to be widely available in the West. AUTHOR: Soon Cho is an artist and independent curator based in New York and Seoul. She is a graduate of Hong-Ik University. Barbara Bloemink is an independent art and design historian who has served as director or chief curator at nine museums, including the Guggenheim Las Vegas and the Smithsonian's Cooper-Hewitt, National Design Museum. She lives in New York. 150 illustrations

Symbolism & Simplicity contains a fine selection of Korean literati paintings and porcelain from the outstanding collection of Dr. Won-Kyung Cho. The paintings and porcelains illustrated in this book reflect the dynamism and the search for harmony that underlie Korean culture. The refinement and formal symbolism of these aristocratic arts also typify the strict Confucianist society that has evolved in Korea since the 16th century.

The only college-level publication on Korean art history written in English Korean pop culture has become an international phenomenon in the past few years. The popularity of the nation's exports—movies, K-pop, fashion, television shows, lifestyle and cosmetics products, to name a few—has never been greater in Western society. Despite this heightened interest in contemporary Korean culture, scholarly Western publications on Korean visual arts are scarce and often outdated. A Companion to Korean Art is the first academically-researched anthology on the history of Korean art written in English. This unique anthology brings together essays by renowned scholars from Korea, the US, and Europe, presenting expert insights and exploring the most recent research in the field. Insightful chapters discuss Korean art and visual culture from early historical periods to the present. Subjects include the early paintings of Korea, Buddhist architecture, visual art of the late Chosŏn period, postwar Korean Art, South Korean cinema, and more. Several chapters explore the cultural exchange between the Korean peninsula, the Chinese mainland, and the Japanese archipelago, offering new perspectives on Chinese and Japanese art. The most comprehensive survey of the history of Korean art available, this book: Offers a comprehensive account of Korean visual culture through history, including contemporary developments and trends Presents two dozen articles and numerous high quality illustrations Discusses visual and material artifacts of Korean art kept in various archives and collections worldwide Provides theoretical and interpretive balance on the subject of Korean art Helps instructors and scholars of Asian art history incorporate Korean visual arts in their research and teaching The definitive and authoritative reference on the subject, A Companion to Korean Art is indispensable for scholars and academics working in areas of Asian visual arts, university students in Asian and Korean art courses, and general readers interested in the art, culture, and history of Korea.

North Korean Art: Paradoxical Realism at the 2018 Gwangju Biennale is an exhibition that reflects the culmination of an eight-year exploration into the art of the Democratic People's Republic of Korea (DPRK). During that time, BG Muhn made nine research trips to the DPRK to pursue a growing passion for the uniqueness and mystery surrounding Chosonhwa, the North Korean name for traditional ink wash painting on rice paper. The DPRK is notably the only country in the world after the fall of the Soviet Union in 1991 that continues to create Socialist Realism art. This exhibition is likely the first opportunity for people around the world to see North Korean Chosonhwa in such a broad range of images within Socialist Realism art.

Unlike Western paintings, which mostly depict natural surroundings as they are, oriental paintings depict not only the landscape but also thoughts or perspectives of painters upon the landscape. Korean Landscape Painting discusses the art form beginning at its earliest roots two millennia ago, in the Three Kingdoms period, right up until the 20th century. Accompanied by many maps and pictures, as well as a glossary of names and terms, this book provides a complete overview of Korean landscape painting and offers a perfect introduction.

Established in 1982, the British Association for Korean Studies has published nine sets of Papers from 1991 to 2005, the outcome of conferences, study days, workshops. The themes of Korea past and Korea present were selected to give the editors and BAKS council the widest choice of options in terms of scholarship, subject matter, interest.

This book seeks to help readers overseas gain a comprehensive understanding of Korean contemporary art by examining its various features and movements. Featured are the artists who have come to represent Korea since the modern concept of art was accepted, especially those active since the major expansion of Korean art overseas in the 2000s. The book also discusses the works of artists preceding that time, and finally the various spaces for Korean contemporary art, including exhibition halls, biennales, and art markets. Annely Juda Fine Art is proud to announce the Korean artist Kwang-Young Chun's first European exhibition. Educated in Korea and America this exciting artist has brought traditional Korean craft and modern art face to face. Large wall reliefs and sculptures give the appearance of topography; indistinct surfaces punctured by meteoric depressions, a large object that appears to have arrived violently or is shedding its outer skin. These abstract and powerful works change once again on closer inspection; We see that these shapes and vistas are in fact made up of thousands of tiny paper wrapped packages, the paper covered in printed Asian calligraphy; this is the traditional Korean element of Chun's powerful contemporary art.

Modern and Contemporary Art in Korea deals with issues of tradition, modernity, and identity in modern and contemporary Korean art in Korea. On a deeper level, this is one of the only books of its kind in English that exposes readers to specific artists and their works, an especially useful resource for those who wish to know more than just surface level facts about Korean art.

The aim of Modern Korean Ink Painting is to further a general understanding of how Korean art and the times it represented were related. Starting with the dawn of the modern age in Korean art (1876-1910), which looks at the legacy of court painting and the last of the literati painters, the book then moves on to the modern art era in Korea (1920-1940), following that up by examining the forces at work during the perpetuation of nationalism, which lasted well into the 1980s. Mount Geumgang, also known as the Diamond Mountains, is perhaps the most famous and emotionally resonant site on the Korean Peninsula, a magnificent range of rocky peaks, waterfalls, and lagoons, dotted with pavilions and temples.

Since ancient times, it has inspired cultural pride, spurred spiritual and artistic pilgrimages, and engendered an outpouring of creative expression. Yet since the partition of Korea in 1945 situated it in the North, Mount Geumgang has remained largely inaccessible to visitors, shrouded in legend, loss, and longing. p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 14.0px Verdana} Diamond Mountains: Travel and Nostalgia in Korean Art is the first book in English to explore the pictorial representations of this grand and varied landscape. The special exhibition it accompanies, organized by Soyoung Lee, Curator in the Department of Asian Art, examines the evolution of Diamond Mountains imagery from the golden age of Korean true-view painting in the eighteenth century to the present day. Even today, when a profusion of Instagram photos can make the world's most obscure sites and geographical oddities seem familiar, the Diamond Mountains portrayed here in album leaves, scrolls, and screens will be a revelation to many.

Walk the galleries of any major contemporary art museum and you are sure to see a work by a Korean artist. Interest in modern and contemporary art from South—as well as North—Korea has grown in recent decades, and museums and individual collectors have been eager to tap into this rising market. But few books have helped us understand Korean art and its significance in the art world, and even fewer have told the story of the formation of Korea's contemporary cultural scene and the role artists have played in it. This richly illustrated history tackles these issues, exploring Korean art from the late-nineteenth century to the present day—a period that has seen enormous political, social, and economic change. Charlotte Horlyck covers the critical and revolutionary period that stretches from Korean artists' first encounters with oil paintings in the late nineteenth century to the varied and vibrant creative outputs of the twenty-first. She explores artists' interpretations of new and traditional art forms ranging from oil and ink paintings to video art, multi-media installations, ready-mades, and performance art, showing how artists at every turn have questioned the role of art and artists within society. Opening up this fascinating world to general audiences, this book will appeal to anyone wanting to explore this rich and fascinating era in Korea's cultural history.
