Use this one-of-a-kind practice guide and Chinese workbook together with any Chinese book or language program, and dramatically enhance your speaking. No matter what book or course you're using to learn Chinese, it takes a lot of practice. Here is a wealth of effective practice activities to help polish your written Chinese. This book corresponds to Basic Written Chinese and allows you to move from complete beginner level to basic proficiency. Included downloadable content contains extensive audio material, as well as (printable) flash cards. Practice Essentials includes carefully designed activities to help solidify every aspect of your spoken Chinese skills, including: Chinese character practice sheets. Dictation, fill-in-the-blank, dialog completion. Answering questions, map reading, converting written style to spoken style. Identify radicals and phonetics; punctuating sentences. Written tasks based on realia like schedule, photographs, and name cards. Translation exercises. The downloadable materials include: 64 minutes of native-speaker audio. 288 printable flash cards. Together with this book, you can use the Basic Spoken Chinese series if you want to learn fluent spoken Mandarin. About the Series: Respected Chinese language expert Dr. Cornelius Kubler, who has taught diplomats, business people and students, presents a learning system that uses separate but integrated "tracks" to help you efficiently master the basics of spoken and written Chinese. The materials in Basic Spoken Chinese allow you to move from complete beginner level to basic fluency.

An excellent resource for social studies teachers, this book will help them learn about and reflect on their responsibilities in our society. It focuses on classroom-based experiences and real-world contexts. The teaching methods discussed are also closely associated to social studies subject matter so they can be integrated into the actual classroom. Each chapter also examines how social studies is situated within the larger elementary curriculum to demonstrate the interdisciplinary nature of the instruction.
