IT Essentials v7 Companion Guide supports the Cisco Networking Academy IT Essentials version 7 course. The course is designed for Cisco Networking Academy students who want to pursue careers in IT and learn how computers work, how to assemble computers, and how to safely and securely troubleshoot hardware and software issues. The features of the Companion Guide are designed to help you study and succeed in this course:

- Chapter objectives—Review core concepts by answering the focus questions listed at the beginning of each chapter.
- Key terms—Refer to the updated lists of networking vocabulary introduced, and turn to the highlighted terms in context.
- Course section numbering—Follow along with the course heading numbers to easily jump online to complete labs, activities, and quizzes referred to within the text.
- Check Your Understanding Questions and Answer Key—Evaluate your readiness with the updated end-of-chapter questions that match the style of questions you see on the online course quizzes.

This book is part of the Cisco Networking Academy Series from Cisco Press®. Books in this series support and complement the Cisco Networking Academy.

The lab manual provides the hands-on instruction necessary to prepare for the certification exam and succeed as a network administrator. Designed for classroom or self-paced study, labs complement the book and follow the same learning approach as the exam. The purpose of this title is to address some of the complex and controversial issues posed by pharmaceutical marketing. Specifically, articles in this work will address the impact of direct-to-consumer advertising of drugs, the marketing of drugs over the Internet, pharmaceutical companies' marketing policies, and the marketing of herbal products, which are not regulated by the United States Food and Drug Administration (FDA). Hopefully, it will provide many new insights into the benefits and pitfalls of pharmaceutical marketing. Originally published as Journal of Consumer Marketing (2005, Vol.22, No.7)
