FINALIST FOR THE 2021 ANDREW CARNEGIE MEDAL FOR EXCELLENCE IN NONFICTION Claudia Rankine's *Citizen* changed the conversation—Just Us urges all of us into it As everyday white supremacy becomes increasingly vocalized with no clear answers at hand, how best might we approach one another? Claudia Rankine, without telling us what to do, urges us to begin the discussions that might open pathways through this divisive and stuck moment in American history. Just Us is an invitation to discover what it takes to stay in the room together, even and especially in breaching the silence, guilt, and violence that follow direct addresses of whiteness. Rankine's questions disrupt the false comfort of our culture's liminal and private spaces—the airport, the theater, the dinner party, the voting booth—where neutrality and politeness live on the surface of differing commitments, beliefs, and prejudices as our public and private lives intersect. This brilliant arrangement of essays, poems, and images includes the voices and rebuttals of others: white men in first class responding to, and with, their white male privilege; a friend's explanation of her infuriating behavior at a play; and women confronting the political currency of dying their hair blond, all running alongside fact-checked notes and commentary that complements Rankine's own text, complicating notions of authority and who gets the last word. Sometimes wry, often vulnerable, and always prescient, Just Us is Rankine's most intimate work, less interested in being right than in being true, being together.

groundbreaking book *Don't Let Me Be Lonely: An American Lyric*. Claudia Rankine's bold new book recounts mounting racial aggressions in ongoing encounters in twenty-first-century daily life and in the media. Some of these encounters are slights, seeming slips of the tongue, and some are intentional offensives in the classroom, at the supermarket, at home, on the tennis court with Serena Williams and the soccer field with Zinedine Zidane, online, on TV-everywhere, all the time. The accumulative stresses come to bear on a person's ability to speak, perform, and stay alive. Our addressability is tied to the state of our belonging, Rankine argues, as are our assumptions and expectations of citizenship. In essay, image, and poetry, *Citizen* is a powerful testament to the individual and collective effects of racism in our contemporary, often named "post-race" society.

'If you steal 1,000 rupees, the hawaldar will beat the shit out of you and lock you up in a dungeon with no bulb or ventilation. If you steal 55,000 crores then you get to stay in a 40-foot cell which has four split units, internet, fax, mobile phones and a staff of 10 to clean your shoes and cook your food (in case it is not being delivered from Hyatt that particular day).' They say that prison can be a great leveler – but does this apply if you are a VIP inmate in an Indian prison? Maybe not. Based on extensive first-hand interviews with some of India's most well-known inmates, award-winning journalist Sunetra Choudhury gives you a peek into the VIP prison life. It includes some interesting anecdotes about the lives of the rich and powerful prisoners: What does Peter Mukherjea do all day in his 4 x 4 cell in Arthur Road Jail? How does a 70-year-old Doon school alumna who has spent more than 7 years in jail find a will to continue petitioning the state and fight his cases? Who came to visit Amar Singh during those 4 fateful days and why this scarred him and his wife for life, determining his future friends and allies? Apart from certain depictions in popular culture or the occasional news reports, there is little information about how rules are bent and law takes a backseat when it comes to people like Sanjeev Nanda, Vikas and Vishal Yadav, Anca Varma and Manu Sharma, who were given special benefits and often sent out on parole and furlough for their good behaviour. For the first time, India's most famous prisoners share their own stories – from terror tales of 'bladebaaz' to torture chambers, from air conditioners in cells to food from five-star hotels, from cushy beds to private parties – and how they negotiate life in prison or the so-called 'jail-ashram'. With unbelievable details of the life inside prison and the sorry state of hundreds of undertrials languishing in jails, this book questions the primary purpose of imprisonment – is it actually reform, punishment or just misusing the system we are a part of?
