

Psychology For The Ib Diploma III Edition By Willerton

Everything you need to navigate the IB Diploma Psychology course; ensure full coverage of the syllabus with a comprehensive guide to all the concepts, theories and research into approaches to understanding behaviour, presented with a cross-cultural focus for global thinkers. · Develop critical analysis skills with critical thinking boxes to draw out methodological issues from studies, and the TOK feature to help you recognise debates and issues. · Apply new skills and knowledge to everyday life with examples and case studies. · Navigate your way seamlessly through the course with key studies and terms highlighted. · Assess your progress and learning with summaries at the end of each chapter.

Written by two experienced psychology teachers, this is the second edition of Psychology Sorted Book 1, in the recent series for students and teachers. It is structured to help them understand and select from the wealth of psychological research that is relevant to the IB Diploma Psychology syllabus. The book has been developed independently of the International Baccalaureate Organization (IB), which in no way endorses it. However, the topics and content are especially chosen to be relevant to the 2019 IB Diploma psychology curriculum, while also providing useful support to teachers and students of other curricula, including those taught as part of university courses. This second edition has been updated to include new material suggested by the IB in December 2019. The book provides organised overview grids suggesting classic and recent key studies for the core biological, cognitive and sociocultural approaches. Links are made between content and studies from other areas, including the options. There are hyperlinks and details for further relevant resources, journal articles and media talks and summaries of every study, written in clear language and including evaluation points. The authors have also included critical thinking suggestions for each topic and a full bibliography and author index. Further support is available from the authors' Psychology Sorted blog and their Psychology Sorted Facebook page
