The phrase “Christian politics” evokes two meanings: political relations between denominations in one direction, and the contributions of Christian churches to debates about the governing of society. The contributors to this volume address Christian politics in both senses and argue that Christianity is always and inevitably political in the Pacific Islands. Drawing on ethnographic and historical research in Papua New Guinea, Solomon Islands, Vanuatu, and Fiji, the authors argue that Christianity and politics have redefined each other in much of Oceania in ways that make the two categories inseparable at any level of analysis. The individual chapters vividly illuminate the ways in which Christian politics operate across a wide scale, from interpersonal relations to national and global interconnections.

Too many people, particularly young women, find themselves at the crossroads of life saddled with guilt, pain, and conflict because of unwise relational choices. Others find themselves at still a different crossroad where they are conflicted about choosing a partner—whether to wait on God, help God out, or just throw in the towel. In *Wrinkled Sheets and God’s Grace*, author Doreen Priscilla Brown presents relevant spiritual insights into making the right choices in relationships, and she provides comfort through God to those women who have been hurt by their unwise choices. Through scriptural references, stories from the Bible, and inspirational quotations, she communicates the importance of selecting a partner who shares the same spiritual values and life goals—making sure Jesus plays a central role. Providing insight into such topics as premarital sex and living together before marriage, *Wrinkled Sheets and God’s Grace* explains that for a relationship to be all God wants it to be, both parties have to be intentional about putting Jesus Christ first and

last in all matters and be willing to function under the authority of his statutes.

This book started out as an intense personal study by the author to evaluate and confirm his beliefs about God and salvation in regard to the teaching of the Seventh-Day Adventist Church. Why is it that so many Seventh-Day Adventists do not have the assurance of salvation? What criteria in the Bible and what specifically in Ellen G. White's writings might lead someone to believe they were not fit for heaven, that they did not qualify to be there, that God would not forgive them, and there was more required than just relying on Jesus's sacrifice to cover their sins? If they did not meet a strict set of rules, would God cast them aside in the end? In this book, you will find out just who are the saved, who are the lost, and what happens to them in the end and what end-times will look like according to Ellen G. White and the SDA Church. The author estimates he has spent well in excess of ten thousand hours and has read over fifteen thousand pages of material over a seven-year period in the preparation of this book. It is the author's hope and prayer that this book will make the reader question, not their belief in the saving grace of God and the loving sacrifice of Jesus but rather question anything that might have come between them and that grace.

This is a book I wrote with a passion and courage through faith. The intent was to write a few pages and have some handouts for those I met or were already acquainted with—especially for those you get to know better, as it is said, “By their fruits ye shall know them.” (Mat 7:20 KJV) The needs continued to grow and likewise the information to share. As you read this book you will see the varied subjects and so much more. Shrouded in symbols and masked with astonishing imagery, the final events of earth's history are unfolded in the book of Revelation. That's where it gets tricky. Deciphering the clues hidden in Revelation and scattered throughout the Bible isn't for the faint of heart. But understanding this difficult book is vital for God's people at the end of time. Jon Paulien searches the Scriptures to discover what the battle of Armageddon is and who it will involve. His clear, concise explanation of the many confusing symbols found in John's vision unveils the mystery surrounding this battle and provides answers crucial to our understanding of earth's final events

Covers the major faiths including alternative movements, neo-paganism, and New Age, offering a comprehensive introduction to each that covers contemporary issues regarding God and the supernatural. Original.

The missionary work of the Seventh-day Adventist Church started in Southern Malawi in 1902, and histories of churches are usually told from that starting point. This book uses a different approach, it tells the story of Lunjika Mission (earlier called Mombera Mission) which begins in 1932, showing how the SDA Church met a new culture, that of the strongly patrilineal Ngoni and their neighbours to the North, and how it dealt with other churches that had started missionary work in that broad area up to two generations before.

The focus of this study is on how a person's understanding of Jesus impacts their daily lives in practical ways.

From its beginnings, the Seventh-day Adventist Church has emphasized apocalyptic prophecy and the role of Roman Catholicism in the biblical books of Daniel and Revelation. In this first major study of the topic, Bruinsma looks at the origin and unique features of Seventh-day Adventist attitudes toward the Roman Church, examines factors which explain these continuing views, and analyzes Adventism's place in Protestantism.

"The Andrews Bible Commentary is a concise exposition of Scripture written by faithful scholars of the Seventh-day Adventist Church as a companion to the Andrews Study Bible for lay readers, pastors, students, and teachers living in expectation of the Advent Hope. Each book has an introduction. The commentary text is approached from a passage-by-passage basis, rather than a verse-by-verse basis. This allows for more engagement with the extended thought of the passage. Other occasional features include general articles, short word studies and explanations set off from the regular text, and short essays on important topics related to the passage at hand. A personal relationship with Jesus transforms

the way we read Scripture. We come to the Bible to inform and focus the worship of Jesus as Savior and Lord. And, in a special way, we come to the Bible to nourish hope in His Second Coming. We are not disappointed, for the theme of the great Day of the Lord and of Christ's Return permeates the entire biblical record. It is the purpose of the Andrews Bible Commentary to trace "the Blessed Hope" (Titus 2:13) in the pages of Scripture and to read all of the Bible in the light of that hope. This time between the First and Second Advents of Jesus is a challenging one. We need instruction and inspiration as we wait. What does the Bible have to say to believers who, with both longing and joy, anticipate the Return of Jesus? Answering that question is at the heart of the Andrews Bible Commentary, which seeks to instruct and inspire all who long for Christ's Second Coming"--
