

# Solas Training Manual Lsa

Special edition of the Federal Register, containing a codification of documents of general applicability and future effect ... with ancillaries.

Since it was first published in 1964, Elements of Shipping has become established as a market leader. Now this new edition has been entirely updated and revised to take in the many changes that have occurred in the shipping industry in recent years and the increased emphasis placed on professionalism, qualified personnel and the need for the latest available technology. With new chapters on seaports and electronic data interchange, it explains in a lucid, professional manner the basic elements of shipping embracing operating, e-commerce/computerization (shipboard/trade), commercial, legal, economic, technical, managerial, logistics and financial considerations. It also reflects recent major trends including the impact of globalization, current good practice and future trends. All twenty-two chapters have been updated and over half of the content is new. Filling a gap for the discerning reader who wishes to have a complete understanding of all the elements of the global shipping scene together with the interface with seaports, international trade and logistics, it remains essential reading for shipping executives along with students and academics with an interest in the shipping industry.

This is the 15th annual edition of the Bibliography of Nautical Books, a reference guide to over 14,000 nautical publications. It deals specifically with the year 2000.

This model course is intended to provide the knowledge required to enable personnel without designated security duties in connection with a Ship Security Plan (SSP) to enhance ship security in accordance with the requirements of chapter XI-2 of SOLAS 74 as amended, the ISPS Code, and section A-VI/6-1 of the STCW Code, as amended. Those who successfully complete this course should achieve the required standard of competence enabling them to contribute to the enhancement of maritime security through heightened awareness and the ability to recognize security threats and to respond appropriately.
