

Still Death Still Life

This text presents an in-depth examination of Picasso as a politically and socially engaged artist, from the 1940s, when he defiantly remained in Paris during the Nazi occupation, throughout the subsequent Cold War period.

Ancient tradition suggests that this world-weary lament is the work of Solomon in old age. Casting its eye over the transient nature of life, the book questions the striving for wisdom and the truth, choosing instead to espouse the value of living for the moment.

The text is introduced by Doris Lessing.

When art in the park leads to murder in the dark, the Shepherd sisters have another crime to solve. Savanna Shepherd, an art expert turned elementary art teacher, is planning the Art in the Park festival for her hometown of Carson. But apparently, someone isn't happy that Carson got to host the event: the beloved statue in the park is destroyed. Not long after, Savanna finds the dead body of one of the people on the planning committee. Savanna and her sisters are convinced that the arrested murder suspect didn't do it, despite strong evidence to the contrary. With the help of Dr. Aidan Gallagher, Savanna's new romantic interest, they uncover hidden resentments and intrigue. Several people in Carson had a motive for the murder. Can they find out which one of them is behind the framing of an innocent person? This intriguing mystery includes a free Hallmark original recipe for Mini Rhubarb Pies.

Twelve shocking paintings. Eleven famous murders. One missing artist . . . and one woman driven to find her—this Reese's Book Club x Hello Sunshine Selection is a “stunning achievement” (Los Angeles Times). Kim Lord is an avant-garde figure, feminist icon, and agent provocateur in the L.A. art scene. Her groundbreaking new exhibition Still Lives is comprised of self-portraits depicting herself as famous, murdered women—the Black Dahlia, Chandra Levy, Nicole Brown Simpson, among many others—and the works are as compelling as they are disturbing, implicating a culture that is too accustomed to violence against women. As the city's richest art patrons pour into the Rocque Museum's opening night, all the staff, including editor Maggie Richter, hope the event will be enough to save the historic institution's flailing finances. Except Kim Lord never shows up to her own gala. Fear mounts as the hours and days drag on and Lord remains missing. Suspicion falls on the up-and-coming gallerist Greg Shaw Ferguson, who happens to be Maggie's ex. A rogue's gallery of eccentric art world figures could also have motive for the act, and as Maggie gets drawn into her own investigation of Lord's disappearance, she'll come to suspect all of those closest to her. Set against a culture that often fetishizes violence, Still Lives is a page-turning exodus into the art world's hall of mirrors, and one woman's journey into the belly of an industry flooded with money and secrets. “Has a heck of a hook . . . It sucks you into a compelling story, before forcing you to contemplate the big, uncomfortable ideas it's considering. It's a fresh choice for Reese's Book Club, to be sure.” —Entertainment Weekly

A Scottish police inspector deals with forgeries and false identities in a new murder mystery in the “superior series” (The New York Times). When a lobster fisherman discovers a dead body in Scotland's Firth of Forth, DCI Karen Pirie is called into investigate. She quickly discovers that the case will require untangling a complicated web—involving a long-ago disappearance, art forgery, and secret identities—that seems to surround a painter who can mimic anyone from Holbein to Hockney. Meanwhile, a traffic accident leads to the discovery of a skeleton in a suburban garage. Karen has a full plate, and it only gets more stressful as the man responsible for the death of the love of her life is scheduled for release from prison, reopening old wounds just as she was getting back on her feet. From a Diamond Dagger Award winner and multiple Edgar Award finalist, Still Life is a tightly plotted mystery featuring an investigator “whose unwavering confidence is tempered by a strong dose of kindness and sense of justice” (Booklist). “There are few other crime writers in the same league.”—Maureen Corrigan, The Washington Post

A murder at the flower shop. An uncle suspected by the cops. Savanna and her sisters are on the case. Savanna Shepherd, a former art authenticator turned grade school art teacher, is delighted when her Uncle Max and Uncle Freddie move to Carson. Uncle Max takes a job at Libby's Blooms, where Savanna teaches a still life painting class for adults. But one morning, Uncle Max finds a dead body in the rooftop greenhouse...and even worse, it looks like an inside job. Savanna and her sisters—Skylar, a lawyer, and Sydney, the owner of a pet shop and grooming salon—dig in to find the real murderer. With their connections to the community and Savanna's keen eye for details, they uncover longstanding resentments and horticultural clues. Meanwhile, Savanna's dating local doctor Aidan Gallagher, but she worries it'll cause a scandal, since his daughter is in her class. As Savanna's investigation leads her into thorny situations, the killer may be arranging another murder: her own. This cozy mystery includes a free original Hallmark recipe for Chocolate Pecan Brownies.

This book is the first in-depth study of the still life as interpreted and transformed by avant-garde artists of the 20th century. Published to accompany a major exhibition opening in May 1997 at The Museum of Modern Art, New York, Objects of Desire traces a radical rethinking of the genre in terms of subject matter and formal invention. Through unprecedented juxtapositions of works by 56 artists, Objects of Desire profiled the changing cultural values that are patently evident in the still life, reflected in the choice of objects -- from pitchers to bicycle wheels to soup cans -- and their perceptual or conceptual, objective or subversive representations.

Mark Doty's prose has been hailed as “tempered and tough, sorrowing and serene” (The New York Times Book Review) and “achingly beautiful” (The Boston Globe). In Still Life with Oysters and Lemon he offers a stunning exploration of our attachment to ordinary things—how we invest objects with human store, and why.

INSIGHTS INTO CHANGES OF MENTALITY AND PHILOSOPHY. HOW DO THE OBJECTS IN A STILL LIFE REFLECT THE CUSTOMS, IDEAS AND ASPIRATIONS OF THE TIME? THIS IS ONE OF THE QUESTIONS WHICH NORBERT SCHNEIDER ASKS IN THIS BOOK. THE PERIOD BETWEEN THE LATE MIDDLE AGES AND THE 17TH CENTURY WAS WITHOUT DOUBT THE HEYDAY OF THE STILL LIFE. IT IS AN ART FORM WHICH GIVES US VALUABLE INSIGHTS INTO CHANGES OF MENTALITY AND PHILOSOPHY AS WELL AS PEOPLE'S NOTIONS OF DEATH. STILL LIVES CHART THE HISTORY OF SCIENTIFIC DISCOVERIES AND THEIR ACCEPTANCE AS WELL AS THE GRADUAL REPLACEMENT OF THE MEDIAEVAL CONCEPT OF THE WORLD.

When a series of murders strikes small-town Kansas, FBI Special Agent Pendergast must track down a killer or a curse -- either way, no one is safe. A small Kansas town has turned into a killing ground. Is it a serial killer, a man with the need to destroy? Or is it a darker force, a curse upon the land? Amid golden cornfields, FBI Special Agent Pendergast

discovers evil in the blood of America's heartland. No one is safe.

Finalist for the National Book Critics Circle Award Finalist for the Los Angeles Times Book Prize Diane Seuss's brilliant follow-up to *Four-Legged Girl*, a finalist for the Pulitzer Prize for Poetry Still life with stack of bills phone cord cig butt and freezer-burned Dreamsicle Still life with Easter Bunny twenty caged minks and rusty meat grinder Still life with whiskey wooden leg two potpies and a dead parakeet Still life with pork rinds pickled peppers and the Book of Revelation Still life with feeding tube oxygen half-eaten raspberry Zinger Still life with convenience store pecking order shotgun blast to the face—from "American Still Lives" Still Life with Two Dead Peacocks and a Girl takes its title from Rembrandt's painting, a dark emblem of femininity, violence, and the viewer's own troubled gaze. In Diane Seuss's new collection, the notion of the still life is shattered and Rembrandt's painting is presented across the book in pieces—details that hide more than they reveal until they're assembled into a whole. With invention and irreverence, these poems escape gilded frames and overturn traditional representations of gender, class, and luxury. Instead, Seuss invites in the alienated, the washed-up, the ugly, and the freakish—the overlooked many of us who might more often stand in a Walmart parking lot than before the canvases of Pollock, O'Keeffe, and Rothko. Rendered with precision and profound empathy, this extraordinary gallery of lives in shards shows us that "our memories are local, acute, and unrelenting."

With references to the Bible and 17th-century Dutch still-life painting, *Vanitas* links the works of fourteen contemporary artists to the age-old theme of life's transience. At the same time, it presents these artists in their 20th-century context while exploring the related themes of beauty and death, pleasure and fear, love and loss. The book focuses on contemporary sculpture and installation art using non-traditional forms, materials, and processes. The artists included--from Warsaw, Paris, New York, London, Sao Paulo--are Miroslaw Balka, Chris Boltanski, Willie Cole, Leonardo Drew, Tony Feher, Robert Gober, Felix Gonzalez, Mona Hatoum, Jim Hodges, Anish Kapoor, Jac Lairner, Zoe Leonard, Gabriel Orozco, Rachel Whiteread, and Yukinori Yanagi.

"This excellent book is a painfully honest account of successive unwinnable wars. It is the text book Mr. Obama and others will need if Afghanistan is ever to be left to find its own peace and prosperity." —Jon Snow, Channel 4 News (UK) Jonathan Steele, an award-winning journalist and commentator, has covered the country since his first visit there as a reporter in 1981. He tracked the Soviet occupation and the communist regime of Najibullah, which held the Western-backed resistance at bay for three years after the Soviets left. He covered the arrival of the Taliban to power in Kabul in 1996, and their retreat from Kandahar under the weight of U.S. bombing in 2001. Most recently Steele has reported from the epicenter of the Taliban resurgence in Helmand. *Ghosts of Afghanistan* turns a spotlight on the numerous myths about Afghanistan that have bedeviled foreign policy-makers and driven them to repeat earlier mistakes. Steele has conducted numerous interviews with ordinary Afghans, two of the country's Communist presidents, senior Soviet occupation officials, as well as Taliban leaders, Western diplomats, NATO advisers, and United Nations negotiators. Comparing the challenges facing the Obama administration as it seeks to find an exit strategy with those the Kremlin faced in the 1980s, Steele cautions that military victory will elude the West just as it eluded the Kremlin. Showing how and why Soviet efforts to negotiate an end to the war came to nothing, he explains how negotiations today could put a stop to the tragedies of civil war and foreign intervention that have afflicted Afghanistan for three decades.

When Walter Stahl was five-years-old, his mother drove away in the family's blue Volvo and never came back. Now seventeen, living in the dregs of Las Vegas, taking care of his ailing father and marking time in a dead-end job along the Strip, Walter's life so far has been defined by her absence. He doesn't remember what she looks like; he's never so much as seen a photograph but, still, he looks for her among the groups of tourists he runs into every day, allowing himself the dim hope that she might still be out there, somewhere. But when Walter meets Chrysto and Acacia, a brother and sister working as living statues at the Venetian Hotel, his world cracks wide open. With them he discovers a Las Vegas he never knew existed and, as feelings for Chrysto develop, a side of himself he never knew he had. At the same time, clues behind his mother's disappearance finally start to reveal themselves, and Walter is confronted with not only the truth about himself, but also that of his family history. Threading through this coming-of-age story are beautiful, heart-wrenching graphic illustration, which reveal the journey of Walter's mother Emily: how she left everything to chase a vision of Liberace across the country; and how Walter's father Owen went searching for her amongst the gondolas of the Venetian Hotel. In James Sie's debut novel, *Still Life Las Vegas*, the magical collides with the mundane; memory, sexual awakening and familial ties all lead to a place where everything is illuminated, and nothing is real.

"Contains two essays about contemporary painter Eric Wert and more than 100 color reproductions of Wert's paintings and drawings. Also includes a step-by-step explanation of Wert's process, written by Wert himself, with photographs of each stage of the process"--

Still Life: Suspended Development in the Victorian Novel rethinks the nineteenth-century aesthetics of agency through the Victorian novel's fascination with states of reverie, trance, and sleep. These states challenge contemporary scientific and philosophical accounts of the perfectibility of the self, which privileged reflective self-awareness. In dialogue with the field of literature and science studies and affect studies, this book shows how Victorian writers used narrative form to respond to the analytical practices and knowledge production of those other disciplines. Drawing upon canonical texts--by Charlotte Bronte, George Eliot, George Meredith, and Thomas Hardy--*Still Life* contends that depictions of non-purposeive perceptual experience suspend the processes of self-cultivation (*Bildung*) central to Victorian aesthetics, science, psychology, and political theory, as well as most critical accounts of the novel form. Departing from the values of individual cultivation and moral revelation associated with the genre, these writers offer an affective framework for understanding the subtly non-instrumental powers of narrative. Victorian novels ostensibly working within the parameters of the *Bildungsroman* are suspended by moments of "still life": a decentered lyricism associated with states of diminished consciousness. They use this style to narrate what should be unnarratable: experiences not dependent on reflective consciousness, which express a distinctive ambivalence toward dominant developmental frameworks of individual self-culture. "

A lavishly illustrated study of the master artist's vision on the themes of life and death covers the 1907 creation of the *Demoiselle's d'Avignon* through Picasso's association with the Surrealists in the 1930s to evaluate his capacity for creating objects that reflect animate and inanimate ideas.

The New York Times bestselling memoir by Damien Echols of the West Memphis Three, who was falsely convicted of three murders and spent nearly eighteen years on Death Row. In 1993, teenagers Damien Echols, Jason Baldwin, and Jessie Misskelley, Jr.—who have come to be known as the West Memphis Three—were arrested for the murders of three eight-year-old boys in Arkansas. The ensuing trial was marked by tampered evidence, false testimony, and public hysteria. Baldwin and Misskelley were sentenced to life in prison; while eighteen-year-old Echols, deemed the “ringleader,” was sentenced to death. Over the next two decades, the WM3 became known worldwide as a symbol of wrongful conviction and imprisonment, with thousands of supporters and many notable celebrities who called for a new trial. In a shocking turn of events, all three men were released in August 2011. Now Echols shares his story in full—from abuse by prison guards and wardens, to portraits of fellow inmates and deplorable living conditions, to the incredible reserves of patience, spirituality, and perseverance that kept him alive and sane while incarcerated for nearly two decades. In these pages, Echols reveals himself a brilliant writer, infusing his narrative with tragedy and irony in equal measure: he describes the terrors he experienced every day and his outrage toward the American justice system, and offers a firsthand account of living on Death Row in heartbreaking, agonizing detail. *Life After Death* is destined to be a riveting, explosive classic of prison literature.

A companion to *Still Lives*--a Reese's Book Club x Hello Sunshine selection--this savvy thriller exposes dark questions about power and the art world and reveals the fatal mistakes that can befall those who threaten its status quo. Brenae Brasil is a rising star at Los Angeles Art College, the most prestigious art school in the country, and her path to art world celebrity is all but assured. Until she is found dead on campus, just after completing a provocative documentary about female bodies, coercion, and self-defense. Maggie Richter's return to L.A. and her job at the Rocque Museum was supposed to be about restarting her career and reconnecting with old friends. With mounting pressure to keep the museum open, the last thing she needs is to find herself at the center of another art world mystery. But when she uncovers a number of cryptic clues in Brasil's video art, Maggie is suddenly caught up in the shadowy art world of Los Angeles, playing a very dangerous game with some very influential people. And the closer she gets to the truth, the more lies she threatens to expose. Maria Hummel, praised for her "genius for layering levels of meaning" (BBC), has brought us back to her provocative noir Los Angeles with this haunting investigation into power and the art world.

Romantic Suspense's Rising Star Continues to Win Fans Blacklisted in the photography business over a controversial shot, Avery Tate answered an ad for a crime scene photographer. She expected to be laughed at, but crime scene analyst Parker Mitchell hired her outright--and changed her life. But six months ago, when her feelings for Parker became too strong, she left his employ to sort out her heart. Now, for the first time, Avery is facing the world that rejected her to attend the gallery opening of a photography exhibit and support her best friend, who modeled for the show. But the only image of her friend is a chilling photo of her posing as if dead--and the photographer insists he didn't take the shot. Worse, her friend can't be found. She immediately calls Parker for help. As Avery, Parker, and his friends in law enforcement dig into the mystery, they find themselves face-to-face with a relentless and deadly threat.

Perspective determines how we, as viewers, perceive painting. We can convince ourselves that a painting of a bowl of fruit or a man in a room appears to be real by the way these objects are rendered. Likewise, the trick of perspective can prevent us from being absorbed in a scene. Connecting contemporary critical theory with close readings of seventeenth-century Dutch visual culture, *The Rhetoric of Perspective* puts forth the claim that painting is a form of thinking and that perspective functions as the language of the image. Aided by a stunning full-color gallery, Hanneke Grootenboer proposes a new theory of perspective based on the phenomenological aspects of non-narrative still-life, trompe l'oeil, and anamorphic imagery. Drawing on playful and mesmerizing baroque images, Grootenboer characterizes what she calls their "sophisticated deceit," asserting that painting is more about visual representation than about its supposed objects. Offering an original theory of perspective's impact on pictorial representation, the act of looking, and the understanding of truth in painting, Grootenboer shows how these paintings both question the status of representation and explore the limits and credibility of perception. "An elegant and honourable synthesis."—Keith Miller, *Times Literary Supplement*

"The still life is one of the best-loved subjects in painting. For hundred years it has been depicted by great and minor masters. The genre reached its climax in the Dutch Golden Age. This handy dictionary provides information on painters of still life in oils, active between 1525 and 1725 and considered as Dutch/Flemish school. 'Still lifes' are arrangements of flowers, fruit, fish, barn, plants, game, vanitas symbols, trompe l'oeil etcetera." --Back cover.

Leading artists of the twenty-first century are reviving the still life, a genre that once was more associated with the sixteenth- and seventeenth-century Old Masters than with contemporary art. The audacious still lifes celebrated here challenge that historical supremacy and redefine what it means to be a work of nature morte (literally translated from the French: “dead nature”). Whether through painting, drawing, sculpture, video, or other media, contemporary artists have drawn on the centuries-old tradition to create works of conceptual vivacity, beauty, and emotional poignancy. Structured according to the classical categories of the still-life tradition—Flora, Food, House and Home, Fauna, and Death, each chapter explores how the timeless symbolic resonance of the memento mori—a reminder of death, change, and the passing of time—has been rediscovered for a new millennium. Among the artists represented are John Currin, Saara Ekström, Elmgreen & Dragset, Renata Hegyi, Damien Hirst, David Hockney, Gary Hume, Jeff Koons, McDermott & McGough, Beatriz Milhazes, Gabriel Orozco, Marc Quinn, Sam Taylor-Wood, and Cy Twombly.

Still Life and Death A Shepherd Sisters Mystery from Hallmark Publishing Simon and Schuster

Man up and discover the practical and inspirational information all men should know! While it's definitely more than just monster trucks, grilling, and six-pack abs, true manliness is hard to define. The words macho and manly are not synonymous. Taking lessons from classic gentlemen such as Benjamin Franklin and Theodore Roosevelt, authors Brett and Kate McKay have created a collection of the most useful advice every man needs to know to live life to its full potential. This book contains a wealth of information that ranges from survival skills to social skills to advice on how to improve your character. Whether you are braving the wilds with your friends, courting your girlfriend, or raising a family, inside you'll find practical information and inspiration for every area of life. You'll learn the basics all modern men should know, including how to: -Shave like your grandpa -Be a perfect houseguest -Fight like a gentleman using the art of bartitsu -Help a friend with a problem -Give a man hug -Perform a fireman's carry -Ask for a woman's hand in marriage -Raise resilient kids -Predict the weather like a frontiersman -Start a fire without matches -Give a dynamic speech -Live a well-balanced life So jump in today and gain the skills and knowledge you need to be a real man in the 21st century. The discovery of a dead body in the woods on Thanksgiving Weekend brings Chief Inspector Armand Gamache and his colleagues from the Surete du Quebec to a small village in the Eastern Townships. Gamache cannot understand why anyone would want to deliberately kill well-loved artist Jane Neal, especially any of the residents of Three Pines - a place

so free from crime it doesn't even have its own police force. But Gamache knows that evil is lurking somewhere behind the white picket fences and that, if he watches closely enough, Three Pines will start to give up its dark secrets... Celebrating ten years of Chief Inspector Gamache, this collector's edition contains an exclusive, illuminating and in-depth profile of Louise Penny, creator of one of the most enduring and distinctive characters in crime fiction.

Michelangelo was one of the biggest international art stars of his time, but being Michelangelo was no easy thing: he was stalked by fans, lauded and lambasted by critics, and depicted in unauthorized portraits. *Still Lives* traces the process by which artists such as Michelangelo, Dürer, and Titian became early modern celebrities. Artists had been subjects of biographies since antiquity, but Renaissance artists were the first whose faces were sometimes as recognizable as their art. Maria Loh shows how this transformation was aided by the rapid expansion of portraiture and self-portraiture as independent genres in painting and sculpture. She examines the challenges confronting artists in this new image economy: What did it mean to be an image maker haunted by one's own image? How did these changes affect the everyday realities of artists and their workshops? And how did images of artists contribute to the way they envisioned themselves as figures in a history that would outlive them? Richly illustrated, *Still Lives* is an original exploration of the invention of the artist portrait and a new form of secular stardom.

From the hardships of a long and arduous war with Spain, the seventeenth-century Dutch seem to have drawn strength and expressed pride in their unique social and cultural heritage, especially in their art. Arthur K. Wheelock Jr., the Gallery's curator of northern Baroque painting, has carefully studied the Gallery's collection by masters of the Golden Age of Dutch art--notably Cuyp, De Hooch, Rembrandt, Ruisdael, and Vermeer. The twenty-three paintings by Rembrandt and his school are elucidated by an essay on the question of attribution, while an appendix of artists' signatures amplifies and supports the author's wide-ranging discussions of this remarkably cohesive collection.

After her curiosity is piqued by a safari gone awry, a journalist delves into the curious world of taxidermy and shares her findings. It's easy to dismiss taxidermy as a kitschy or morbid sideline, the realm of trophy fish and jackalopes or an anachronistic throwback to the dusty diorama. Yet theirs is a world of intrepid hunter-explorers, eccentric naturalists, and gifted museum artisans, all devoted to the paradoxical pursuit of creating the illusion of life. Into this subculture of passionate animal-lovers ventures journalist Melissa Milgrom, whose journey stretches from the anachronistic family workshop of the last chief taxidermist for the American Museum of Natural History to the studio where an English sculptor, granddaughter of a surrealist artist, preserves the animals for Damien Hirst's most disturbing artworks. She wanders through Mr. Potter's Museum of Curiosities in the final days of its existence to watch dealers vie for preserved Victorian oddities, and visits the Smithsonian's offsite lab, where taxidermists transform zoo skins into vivacious beasts. She tags along with a Canadian bear trapper and former Roy Orbison impersonator—the three-time World Taxidermy Champion—as he resurrects an extinct Irish elk using DNA studies and Paleolithic cave art for reference; she even ultimately picks up a scalpel and stuffs her own squirrel. Transformed from a curious onlooker to an empathetic participant, Milgrom takes us deep into the world of taxidermy and reveals its uncanny appeal. “Hilarious but respectful.” —Washington Post “Engrossing.” —New Yorker “[A] delightful debut . . . Milgrom has in *Still Life* opened up a whole world to readers.” —Chicago Tribune “Milgrom's lively account will appeal to readers who enjoyed Mary Roach's quirky science books.” —Library Journal

From the author of *The New York Times* bestseller *Possession*, comes a highly acclaimed novel which captures in brilliant detail the life of one extended English family--and illuminates the choices they must make between domesticity and ambition, life and art. Toni Morrison, author of *Beloved*, writes of Byatt: "When it comes to probing characters her scalpel is sure but gentle. She is a loving surgeon".

A charming, practical, and unsentimental approach to putting a home in order while reflecting on the tiny joys that make up a long life. In Sweden there is a kind of decluttering called *döstädning*, *dö* meaning “death” and *städning* meaning “cleaning.” This surprising and invigorating process of clearing out unnecessary belongings can be undertaken at any age or life stage but should be done sooner than later, before others have to do it for you. In *The Gentle Art of Swedish Death Cleaning*, artist Margareta Magnusson, with Scandinavian humor and wisdom, instructs readers to embrace minimalism. Her radical and joyous method for putting things in order helps families broach sensitive conversations, and makes the process uplifting rather than overwhelming. Margareta suggests which possessions you can easily get rid of (unworn clothes, unwanted presents, more plates than you'd ever use) and which you might want to keep (photographs, love letters, a few of your children's art projects). Digging into her late husband's tool shed, and her own secret drawer of vices, Margareta introduces an element of fun to a potentially daunting task. Along the way readers get a glimpse into her life in Sweden, and also become more comfortable with the idea of letting go.

"An old magic resurfaces in twelve-year-old Olive's house, and in order to save herself, those she loves, and all of Elsewhere, she must uncover the complex history of this eerie, painted world, its magical origins, and its creator"--

In *Still Life*, bestselling author Louise Penny introduces Monsieur L'Inspecteur Armand Gamache of the Surete du Quebec, a modern Poirot who anchors this beloved traditional mystery series. Winner of the New Blood Dagger, Arthur Ellis, Barry, Anthony, and Dilys awards. Chief Inspector Armand Gamache of the Surété du Québec and his team of investigators are called in to the scene of a suspicious death in a rural village south of Montreal. Jane Neal, a local fixture in the tiny hamlet of Three Pines, just north of the U.S. border, has been found dead in the woods. The locals are certain it's a tragic hunting accident and nothing more, but Gamache smells something foul in these remote woods, and is soon certain that Jane Neal died at the hands of someone much more sinister than a careless bowhunter. *Still Life* introduces not only an engaging series hero in Inspector Gamache, who commands his forces---and this series---with integrity and quiet courage, but also a winning and talented new writer of traditional mysteries in the person of Louise Penny.
