In the Seat of Moses offers readers a unique, frank, and penetrating analysis of the rise of rabbinic Judaism in the late Roman period. Over time and through masterly rhetorical strategy, rabbinic writings in post-temple Judaism come to occupy an authoritarian place within a pluralistic tradition. Slowly, the rabbis occupy the seat of Moses, and Lightstone introduces readers to this process, to the most significant texts, to the rhetorical styles and appeals to authority, and even to how authority came to be authority. As a seasoned and honest scholar, Lightstone achieves his goal of introducing novice readers to the often obscure world of rabbinic literary conventions with astounding success. This book is an excellent contribution to the Westar Studies series focused on religious literacy. Explores a new phase of human evolution that reflects a growing understanding about authentic, spiritual power based on cooperative beliefs and a reverence for life.

For early civilizations, consciousness and the sense of self were experienced as located in the center of the body, most often near to or within the physical heart. Enlightenment was understood as the illumination of a transformed “spiritual

heart.” Thus the mind of the body as a whole was represented by the heart-soul. In contrast, modern culture places consciousness within the brain, resulting in a mind/body dualism. This separation of mind and body has recently been emphasized as characteristic of the psychopathologies of the modern self. This volume explores the understanding and experience of consciousness in the earliest civilizations before about 500 BCE. Beginning with a description of ancient Western and Eastern heart-consciousness, the psychological and spiritual manifestations of the ancient mature heart-soul are summarized. Ancestor worship, lineage identity, primitive consciousness and the ways in which the external world was mirrored by the inner world provide additional clues about the experience of heart-consciousness. Finally, the work addresses the fundamental changes in the experience of consciousness that led to the mind/body dualism of today.

Tolomeo Fiadoni (1236-1327) was one of the most important political theorists and historians of the Middle Ages. He was central to developing a theory for the practices of Northern Italian republicanism and was hostile to kingship, portraying it as despotic and inappropriate for virtuous and freedom-loving people. He was the first writer to compare Aristotle's examples of Greek mixed constitutions - Sparta, Crete, and Carthage - with the Roman Republic, the ancient Hebrew polity, the Church, and medieval communes, yet he remained a staunch defender of the absolute secular and spiritual monarchy of the pope. Blythe explores various tensions in Tolomeo's work that are often overlooked in scholarly treatments of him, and which derive from cultural preconceptions and the diverse influences on him: Aristotle, Augustine, apologists for papal power, his life in the Dominican Order, his educational experience with Thomas Aquinas, and his social position as a member of Northern Italy's ruling class. These factors exerted

contradictory influences on Tolomeo and led him to a sometimes unsuccessful intellectual struggle for consistency. This book is the first full-length study of Tolomeo's thought and it gives full consideration not only to the political writings for which he is most known, but also to his historical and exegetical works. It is the companion to *The Life and Works of Tolomeo Fiadoni (Ptolemy of Lucca)*.

.Is this the time of God's judgment? .Is the end of the world at hand? .How can I know for sure? There are many people who would say "God would not do harm to us." "He is a God of Love." Yet the Holy Scriptures point in quite the opposite direction of this sentiment. For they show us that as truly as he is a God of Love, he is also a God of Judgment. Now God does not keep himself distant, and bring his judgments upon mankind whenever he feels like venting his angers upon us. For, he has a definite timing, and purpose, when he sits upon his judgment throne. And when he does so, he displays a side of his love that is often misconstrued. In this book you will discover two things about God and his judgments. The first, being how he laid out the blueprint for the final judgment in the Law. And the second, being why he is so stern in his judgments. And when you come to see what the author has laid out in the pages of this book; you may see God, and the answers to the above questions, in a whole new light than you previously have.
